Introduction:

The System Menu give the user access to non-rookery data that supports the rookery website and database, e.g. regions, counties, surveys, etc. All System Menu options are available whether the user is logged-in or not. Once logged-in, the user may add, amend or delete data using some of the options.

System Menu:

This function is accessible by clicking on 'System Menu' in the sidebar menu on the left-hand side of the page. The sidebar menu and this button will be available on all pages, whether the user is logged-in or not.

The screenshot shows the Rookeries UK website interface. On the left is a sidebar menu with buttons for Home, Rookery List, System Menu (highlighted with a yellow arrow), Reports Menu, Enquiries Menu, Rook References, Documents, Links, LogIn, Register, and Contact. The main content area includes a 'WELCOME' message, 'ROOKERY NEWS' with 'Tweet of the Day' and '1945 Data Permission Granted', 'WEBSITE ROOKERY RECORDS' table, 'PHOTO GALLERY', 'IDEAS & BUGS', and 'RECENT ROOKERY SURVEYS' table.

| Record | Date | Rookery | County | Details | Observer |
|--------------|-------------|-------------------------------|--------|------------|----------|

The following options are available on the System Menu page.

| Icon | Title | Description | Logged-In |
|---|----------------|--|---|
|  | Countries | Lists countries of the world showing standard country code, country name, rook range and maximum altitude. | View only |
|  | UK Regions | UK regions, based on the BTO regions (as used for the Breeding Bird Survey). Lists the regions showing region name, region number and region code. | View Only |
|  | UK Counties | Lists UK counties, old and new, showing county name, county code, minimum and maximum altitude etc. | View Only |
|  | Surveys | List of recorded surveys, showing survey name and reference to that survey (if any). Further details can be seen by clicking on the action icons. | New surveys can be added. Survey owner may amend or delete existing surveys |
|  | Breeding Codes | List of all BTO Categories of Breeding Evidence codes (not all of which are applicable to Rooks). | View Only |
|  | News | Lists news items to be displayed on home page | News Items can be added |
|  | Trees | List of tree species, showing code, name and scientific name. This is not an exhaustive list. If any species or group of species is required, please contact the website administrator | View Only |
|  | Habitats | List of habitats, used to define the location of a rookery. This is still being tested and there maybe other habitats to be added to the current list | View Only |
|  | Cassini Grid | The Cassini Grid was the forerunner of the National Grid. This page allows conversion of a Cassini Grip map reference to a National Grid reference. | Allows conversion of a Cassini Grip map reference to a National Grid reference. |
|  | System Icons | List of icons used throughout the website and a brief explanation of their use – an attempt to keep that use consistent. | View Only |
|  | Glossary | List of terms used throughout the website with a brief definition. | View Only |

| | | | |
|---|---------------|---|-----------|
|  | FAQ | Still being developed. Not currently available. | |
|  | User Guide | List of all the pages that comprise the website with access to the user guide (where it has been written) | View Only |
|  | Photo Gallery | Still being developed. Not currently available. | |
